21 - What course assignments or activities, in-class or out-of-class, were most helpful?

Response Rate 12/19 (63.16%)

- the research essay
- I liked in class activities with our class it helped us get to know each other and help each other with what we were doing.
- the whole research project was helpful and how it was able to bring it all together
- Library days and research
- I enjoyed the classwork where we did group research activities. These were beneficial because they forced us to work under pressure and present in a short period of time. We had to work with an assigned group, not a group we chose. These were helpful to prepare us for our research papers.
- The group work and when we would go through sample activities in class together.
- Talking before the start of each class to make sure we are all okay and on track.
- group projects
- The research paper.
- The drafts we had to write were helpful in preparing us to write the final draft.
- Going to the library and talking to the librarian.
- Group activities

22 - What course assignments or activities, in-class or out-of-class, were least helpful?

Response Rate 8/19 (42.11%)

- the library visits
- I don't think that there was really anything I didn't like sometimes it feels like the class goes by fast and that we don't have a ton of time to complete our essays. Loved in class assignments so we didn't have fun much to do outside of class.
- the remix project
- Group work, it was not for me.
- N/A
- nothing
- The library modules.
- I feel like there was really nothing that did not help me. All of her assignments were very helpful.

23 - Any additional comments about the instructor, Amrita Bakshi. -

Response Rate 9/19 (47.37%)

- She is wonderful and is great at creating activities in class that help us have a relaxing class while also getting stuff done
- Loved her. She is so helpful and really loves her students and cares about how they do in her class. Will go out of her way to help when you need help.
- She was an amazing communicator with her daily emails to tell us what to expect in class and what we should prepare for class
- Loved class! She's great!
- Sometimes Ms. Amrita would spend too much time on one topic or one activity and this would lead to wasted time in class. Overall, class time was used well, but sometimes activities seemed not necessary, or not as much time needed to be spent on one activity.
- She was amazing and I thoroughly enjoyed her course.
- N/A
- She is a great english professor I definitely recommend to other students.
- Very sweet, great professor, and uplifting.

24 - Any additional comments about the course.

Response Rate 6/19 (31.58%)

- Loved taking her class.
- very helpful to help improve my writing
- I would have preferred to have classes off during dead week instead of that one random week before dead week. I know Ms. Amrita can't control this, it's the departments decision, but this is just my opinion. I would say that most of my peers would say the same thing about the class. It's easier to have dead week off, and this puts less stress on students during finals. Overall, I enjoyed Ms. Amrita's teaching experience and her class.
